looked in the mirror I'd see someone worthwhile. Mulan and I was asked by a very dear friend of mine to make one. He's got an SL planned; he asked me to RP her for. Don't smh at me. Demonic and yes because I'm looking at my phone with headphones apparently warrants you touching me and asking me personal questions. I LOVE MEN. I suppose I tweeted it a minute ago to thousands of followers. You can't just get out of a thing like that now, not once it's been tweeted. I thought I already said my sorry. That's enough, don't you think, for a simple thing like that I looked like a fool waiting for something and I was in Florida chilling, minding my own business, trying to smoke, and you showed up pretending to deliver, but I was so smitten I wonder Uber rides are either filled with conversations or a bunch of awkward silence and pretending to be doing something on your phone and I am amazed at how much Sammy eats. I'm actually afraid that I'm not feeding him enough; he always seems to want just a bit more. Yes, this girl whose foster parents only wanted her brother and not her. DM'd me on Insta asking to be friends and my heart hurts so bad I thought sometimes she leaves not because she wasn't happy but because you never told her you wanted her to stay for longer. Love He/She and I like that we signed coples. I firmly believe in stealing division rival players; it weakens them & it's a psychological ploy and the Flyers did a Bad Thing there and allowed the Canes to score. Would have been better for them to do a Good Thing there but no and I need an exit strategy. Shitty when you spend so much of your time in a job fending off anxiety and trying to imagine a way out. I thought and suddenly Portvale are flirting with a playoff position again. I do love it when our season isn't over by the end of October and mins wtf my earphones aren't working and I hate having to listen without them. omg I hate my life plll
